The Situation (vv 1-4)

“When you fail to put God first, you become _____________ to His _______________, and His rightful place in your life.”

The Consequences (vv 5-11)

In order to give the King His proper place and priority, we must place Him:

1. First in our _______________
2. First in our _______________
3. First in our _______________ (vv 12-15)

The people obeyed, then they _______________ the Lord, and then their _______________ was stirred.

Consider your ways—Questions for reflection/discussion:

What would others closest to you say your priorities are?
What is one specific way you could make the King of the Universe first (time, money, heart)?
When was the last time you sacrificed to make God your priority?
